HARDIK DHIMAN

FULL STACK DEVELOPMENT || SOFTWARE DEVELOPMENT ||
ARTIFICIAL INTELLIGENCE

Karnal, Haryana, India

Summary

I am Hardik Dhiman, living in Karnal, Haryana, India, with a strong background in computer science. Currently I am done to Artificial Intelligence Developer at CodSoft, I have gained valuable technical and professional skills during my time there. Prior to this, I had a web development internship at InternPe, where I further enhanced my technical and professionalism skills.

I am pursuing a Bachelor of Technology (BTech) in Computer Science at Panipat Institute of Engineering and Technology, expected to graduate in 2025. My educational journey began with completing my 12th grade in PCM (Physics, Chemistry, Mathematics) with Computer Science at Arya Senior Secondary Public School Narwana from June 2021.

I have a strong foundation in programming, including expertise in PHP and Python. I am also skilled in data structures, front-end development, JavaScript, Cascading Style Sheets (CSS), and HTML. Additionally, I possess valuable teamwork and leadership abilities, and I have a passion for writing.

I have earned several certifications, including Udemy Certified Python Programming, Certificate of Completion in Python Training from the Indian Institute of Technology, Bombay, and a certification in "How to Create a Professional Presentation in PowerPoint" from Udemy. I have also completed a course in HTML & CSS on Udemy and received an InternPe Certified Internship.
